

Series 9900 Sliding Glass Doors

Series 9900 with transom windows in sandstone finish

At Thermal Windows,
the Quality Shines Through.

Style, elegance and functionality.

Series 9900 sliding glass doors are available in single, double, triple and quad configurations, all in custom sizes.

Whether you're updating your home or designing a new one, these versatile doors are the perfect way to combine expansive views with energy efficiency.

Series 9900 sliding glass doors are a stylish and energy-efficient addition to any patio, deck or sun room. Their silky-smooth operation makes them as easy to use as they are easy on the eye.

Smooth operator.

Standard hardware is painted to match the door. Optional keyed entry lock also available (far right).

Solid brass, antique brass and brushed chrome (L - R) handle sets are available options.

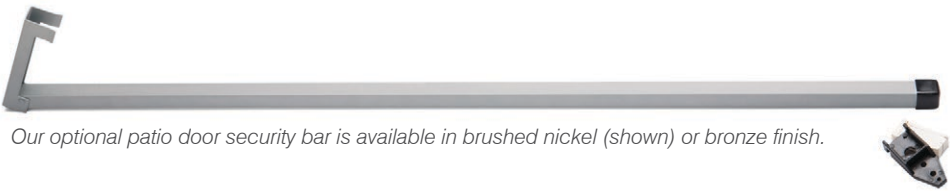

Our optional keyed entry lock is available for any handle set.

Fasco® sliding glass door handles are also available, in standard white or black and optional crystal ice finishes. An optional keyed entry lock (shown in black) is available for all three colors.

Standard features:

- Sealed 7/8" insulated glass for optimum thermal efficiency
- Choose from OX, XO, OXO or OXXO and other configurations
- Secure handle with optional keyed lock at no additional charge
- Interlocking meeting rails
- High-density pile weatherstripping with mylar fin to seal out wind and water
- Sloped anodized sill to promote water runoff
- Durable extruded aluminum rolling screen

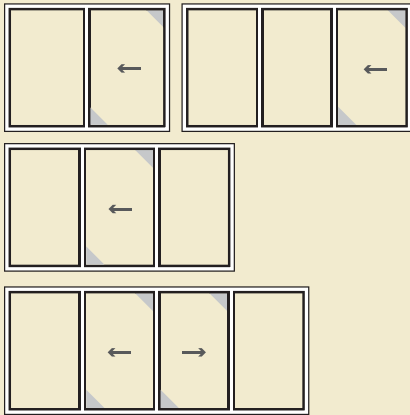

Our optional patio door security bar is available in brushed nickel (shown) or bronze finish.

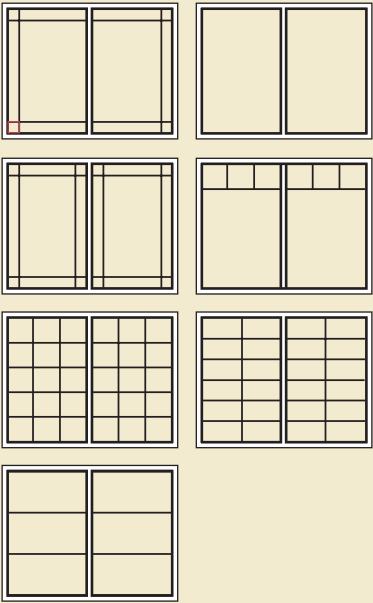

Available options:

- Nailing fin/flush fin
- Custom sizes
- Divided lites
- Clear and dark bronze anodized finishes at additional cost
- Aluminum screen mesh, Low-E glass, tint, panels, spandrels
- ThermalSafe® laminated glass
- Solid brass or brushed chrome handle set, with or without key lock

Series 9900 sliding glass doors are available in many different configurations, including OX, OOX, OXO and OXXO (above, L-R, top to bottom). XOO, OOOX, OOXO and XOOX configurations are also available.

Series 4151 Transom Windows can be stacked or mulled side by side with the doors.

Divided lites are available in the patterns shown above. Don't see what you want? Just ask your Thermal Windows representative.

Divided lite muntins come in four different styles. See page 15 of our *Residential Products* brochure.

Glass options: Low-E, obscure, tinted, sound-control, laminated security glass and more.
